

PRESS RELEASE

NAIROBI: Thursday, March 23,2017

On 21st March 2017, the IEBC terminated the KIEMS Tender that had been floated in December of 2016.

In so doing, the Commission took into consideration its statutory obligation in preparing for elections, procurement procedures, value for money and timelines to guarantee delivery of a free, fair and credible election on August 8th2017.

We wish to reassure the country that the Commission is putting all systems in place to ensure a timely delivery of elections on August 8th 2017 that free, fair, credible and are governed by various articles of our constitution, laws and regulations.

We shall be providing a comprehensive briefing on the matter before the weekend.

**WAFULA CHEBUKATI
CHAIRMAN**
